1934 PRICE LIST

DEPARTMENT OF AGRICULTURE,

WASHINGTON, D. C.

PLANT INDUSTRY
able Crops and Diseases

GPO 8-3591

GREETINGS: The Monona Glad Gardens wish you well in 1934. We are offering you very fine bulbs of many of the finest kinds that are grown. Our prices have been greatly reduced in spite of the governmental effort to raise prices of farm and garden products. If you are interested in larger quantities than those prices write us and we will make prices worth your trouble. Our large bulbs priced are above 1 1/4 inches in diameter. Medium bulbs are from 3/4 to 1 1/4 inches in diameter. Our prices include postage, and all orders are shipped prepaid. Please send full settlement with order in order that shipment may be made promptly.

THE MIXTURE which we offer this year is made up of choice named varieties which we grow. There will be not less than 20 varieties in every 100 bulbs. This mixture is priced at \$1.00 per hundred, the purchaser paying delivery expenses. We will ship this mixture prepaid for \$1.75 per hundred.

SEE THE END OF THIS PRICE LIST FOR A MOST REMARKABLE OPPORTUNITY TO SECURE VERY NEW AND SELECT KINDS AT GIFT PRICES.
